Technical Staff for
International Projects

Team International projects Erasmus+

- The Unit of International projects has been created in June 2019. Our main tasks are linked to the support of creation, management and justification of Erasmus + International Projects
- Our commitment is to support, promote and increase the participation in Erasmus + international projects as a way to strengthen the international links of our lecturers in the field of academic cooperation with other international colleagues of different universities.

Support

- The assistance to academic staff in any stage of the project
- Before the project's approval: Project's idea, joining a proposal as partner, submission
- After project's approval: internal procedures, setting up of the team, preparation of the kick-off meeting, interim and final reports, dissemination, etc.)

Support

- Fostering the involvement in international projects. The “great unknown” of the Erasmus+ programme among the academic staff (vs mobilities)
- Need of training for the academic staff: workshops, seminars, dissemination
- Web page:

New Erasmus+ Programme (2021 - 2027) Capacity Building Projects in Higher Education

Strand 1 - Promoting access to higher education cooperation

Designed to attract less experienced higher education institutions and small-scale actors in order to facilitate access for newcomer organisations

Budget: between EUR 200 000 and EUR 400 000 per project

Project duration: 24 or 36 months

New Erasmus+ Programme (2021 - 2027) Capacity Building Projects in Higher Education

Strand 2 - Partnerships for Transformation in Higher Education

Designed to introduce new approaches and initiatives in higher education, based on peer learning and the transfer of experience and good practice, affecting not only institutions but also society at large

Budget: between EUR 400 000 and EUR 800 000 per project

Project duration: 24 or 36 months

Capacity Building

Strand 3 - Structural reform projects

To support initiatives in third countries not associated with the Erasmus+ programme to develop coherent and sustainable higher education systems that respond to their socio-economic needs and to the wider ambition of creating a knowledge-based economy

Budget: between EUR 800 000 and EUR 1 000 000 per project

Project duration: 36 or 48 months

[IESP] – Fostering Internationalization at Montenegrin HEIs through Efficient Strategic Planning

Updated 28 January, 2021 [Ongoing Projects](#) [Projects](#) [Proyectos](#) [Proyectos en ejecución](#)

Posted 15 November, 2019

General Description: The project Fostering Internationalization at Montenegrin HEIs through Efficient Strategic Planning (IESP) is a two-year project whose implementation started in November 2019. The project is aimed at improving international competitiveness and visibility of Montenegrin HEIs through providing an optimum model for strengthening capacities for various aspects of internationalization including: internationalization strategy with action plans, supporting documentation for internationalization, internationalization of research and innovation, international mobility of staff and students, international networking and quality assessment of internationalization.

Reference	609675-EPP-1-2019-1-MEPPKA2-CBHE-SP
Type Action	Erasmus+ Project. Capacity-Building projects in the field of Higher Education
Project's title	Fostering Internationalization at Montenegrin HEIs through Efficient Strategic Planning
Acronym	IESP

Capacity Building

General Description:

The 3-year project for the “Development of a Regional Joint Master Program in Maritime Environmental Protection and Management (MEP & M)”, seeks the creation of a joint regional master’s program between Albania and Montenegro (in English and in online format), with the support of higher education institutions of the European Union.

Reference	619239-EPP-1-2020-1-ME-EPPKA2-CBHE-JP
Action Type	Desarrollo de capacidades
Project’s Title	Development of Regional Joint Master Program in Maritime Environmental Protection and Management
Acronym	MEP&M

Capacity Building

General Description:

The main objective of the project is to develop an intercultural and inclusive training offer in the field of human mobility, with a shared teaching methodology between universities, promoting the creation of a common legal framework within the Andean Community for the promotion and protection of migrants' rights. The new training offer will allow the generation of specific responses in institutional practice on migration issues.

Internal rules

- Rules for management of international projects
- <https://internacional.uca.es/proyectos/informacion-general/gestion-y-normativa-de-proyectos-de-cooperacion-internacional/>
- Support in the preparation for the proposal's submission.
- Concept note, mandate signature, etc.

Internal rules

- Communication, management and reporting of projects
 - Internal procedures: expenditure unit, Project register in the database
 - Establishment of the team: meet the people, processes,
 - Economic planning: human resources and financial. Follow-up
 - Liaison with PO or coordinator for legal, financial and management issues
 - Obligations of the responsible of the Project: to inform about the financial implementation and to send the timesheets for checking.

Internal rules

- Resources made available after the Project's end (RLD)
 - Available released resources is the difference between the grant granted in a international Project and the expenses incurred during the life span of the Project.
 - This is not a benefit for the university for its participation, but it comes from the allocation of its own resources, especially the human resources the university devotes directly to the implementation of the Project.
 - 75% -25%
- Extraordinary staff remuneration
- Fostering of the internationalization

WIDI: UCA database for research and cooperation projects

- It provides a possibility to all teachers & researchers, administration and service staff who participates in a Project, to register themselves with their staff UCA member email.
- It offers a wide range of possibilities concerning participation in projects:
 - an engine of search for interesting events - CALLS - to avoid missing important dates.
 - Reports
 - Search of other participants in their projects
 - ETC...

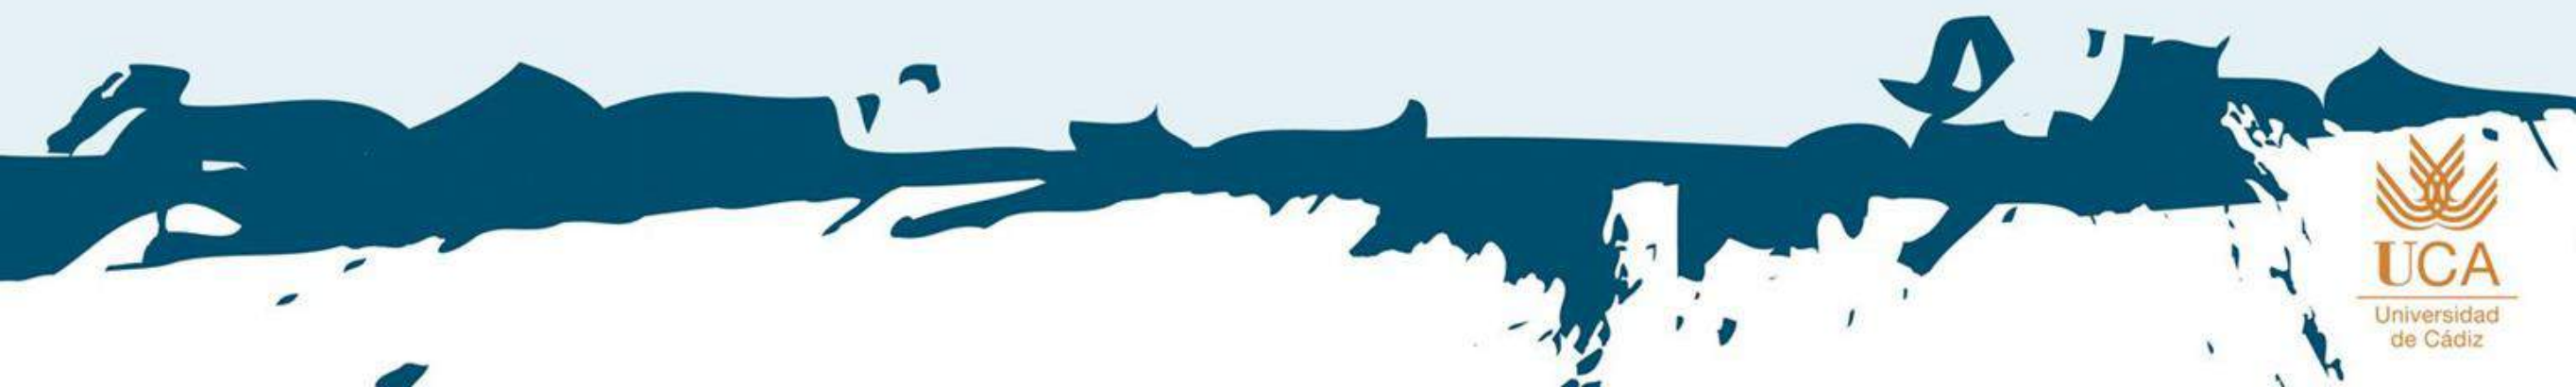

WIDI: UCA database for research and cooperation projects

- The main use of the Unit of International Projects it's to include the Erasmus+ Projects and its participants, to upload content of each Project granted, where UCA is either coordinator or partner (official documentation, Partnership agreement, Documentation of economic control, expenditure unit, etc...)
- It's a collaborative tool where the staff with their own credentials can operate and access to the information uploaded.
- It can be as rich and deep as the needs may arise.

WIDI: UCA database for research and international cooperation projects

- Live Example:

FOLLOW UP PROJECTS DETAILS

- **CAU: user service desk**

In our main section of International Projects, we show a little summary about what we do:

<https://internacional.uca.es/proyectos/informacion-general/>

From the very 1st step, we offer a channel of communication through the CAU service, to put in contact directly the staff interested in presenting a proposal (researchers, teachers) to the technical staff of the International projects' Unit

solicitar o adherirse a un proyecto internacional, apoyando la ejecución de los mismos y contribuyendo a su difusión. Desde esta página iremos informando de la actividad desarrollada en el ámbito de los proyectos de cooperación internacional.

Ayuda a la preparación de propuestas

La persona solicitante deberá estudiar la propuesta y valorar la viabilidad, su disponibilidad para realizar las tareas exigidas, así como la conveniencia del presupuesto asignado.

Gestión de proyectos

Una vez concedido los proyectos se brindará el apoyo administrativo a la gestión (en la ayuda a la elaboración de informes financieros, tramitar incidencias con el project officer, coordinador de la propuesta u otros socios, asesoramiento en la elaboración de informes y auditorías, etc). Para ello una parte del presupuesto asignada a la implementación del proyecto irá destinada a este fin.

Cualquier consulta que quiera realizarse, deberá hacerse por [CAU](#).

Si quieres conocer el procedimiento para presentación y gestión de proyectos, los pasos a seguir, la normativa aplicable, qué hacer cuando finaliza la ejecución, etc... consulta la página de [Gestión y normativa de Proyectos de Cooperación Internacional](#)

FOLLOW UP PROJECTS DETAILS

- **Google Drive: Sharing documents**
- We try to have a close contact with projects coordinators or researchers in charge of the projects management.
- Through Google Drive we can share and modify in real time documentation.
- The main idea is to be close to 4 campuses of our University and its staff. The pandemic it has also strengthen the need to work closely but separately physically speaking.

Thank you for your attention!
